1/2 in. Dual Speed Hammer-Drill Kit

5387-22

WHAT'S INCLUDED

- (1) 1/2 in. Dual Speed Hammer-Drill (5387-20)
- (1) Carrying Case
- (1) Chuck Key
- (1) Side Handle

PRODUCT DETAILS

FEATURES

- ✓ Powerful 8.5-amp dual-speed motor: Optimized for concrete fastening with overload protection. Choose 1-1,000 RPM/0-16,000 BPM or 0-2,500 RPM/0-40,000 BPM
- ✓ Heavy-duty metal gear case: Withstands daily jobsite use, yet is light enough to reduce operator fatigue
- ✓ QUIK-LOK® Cord: 10-ft. 3-wire grounded rubber cord provides easy storage and field replacement

SPECIFICATIONS

Length	14-3/4"
Weight	6.4 lbs
Voltage	120V AC
Tool Warranty	5 Years
No Load BPM	0-16,000, 0-40,000
Cord Type	10' QUIK-LOK®
No Load RPM	0-1,000, 0-2,500
Amps	8.5
Trigger Lock	No
Capacity in Steel	Twist Bit 1/2"
Chuck Type	Keyed
Selffeed Bit Capacity	2"
Capacity in Concrete	3/4"

OVERVIEW

Choose the hammer drill with power and speed controls for unmatched versatility. The adaptable 1/2" Dual-Speed Hammer Drill features an 8.5-amp motor that provides overload protection, even when drilling 3/4" holes in concrete. Choose controls in two ranges: 0-1,000 RPM/0-16,000 BPM or 0-2,500 RPM/0-40,000. It's versatile enough to drill in wood with flat boring bits, hole saws, auger bits and Selffeed bits – or drill in

steel with twist bits and in concrete with percussion bits.

The removable side handle helps you set the depth rod for preset hold drilling. The heavy-duty metal gear case withstands daily jobsite use, yet the drill's lightweight, balanced pistol-grip design reduces fatigue during a long work day. The 10-foot, Quik-Lok cord and keyed chuck ensure hours of reliable, uninterrupted performance. The kit includes a durable carrying case.
