WHAT'S INCLUDED

- (1) **Orbital Jig Saw (6268-21)**
- (2) Blade
- (1) Orbital Jig Saw
- (1) Carrying Case
- (1) Dust Shield

OVERVIEW

The Milwaukee Orbital Jig Saw 6268-21 with LED light provides the ultimate accuracy, power, ergonomics, and versatility. The saw features an LED light for improved visibility of sight lines and a precision roller blade guide that yields the most accurate cuts of any shape. The 6.5 amp motor, 1 in. stroke with 3000 strokes per minute, tachometer feedback, and 4 position orbital cutting action gets the job done fast even in the toughest of materials. A cushion grip handle and counter balanced mechanism for low vibration provides optimal user comfort. The QUIK-LOK™ blade clamp, keyless shoe adjustment of up to 45° in both directions, and extra long 12 ft. 8 in. cord provide ultimate versatility.

PRODUCT DETAILS

FEATURES	SPECIFICATIONS	
✔ LED light for improved sightline	Length	9-1/2"
✔ Powerful 6.5 amp motor	Weight	6.4 lbs
✔ Orbital action with 4 adjustment levels and 1 in. stroke length for faster cutting	Voltage	120V AC
✔ Variable speed trigger - 0-3,000 SPM	Tool Warranty	5 Years
✔ Variable speed dial for repetitive cuts	Cord Type	12-2/3' Fixed
✔ QUIK-LOK™ blade change system	Amps	6.5
✔ Keyless Shoe Adjustment - 45° in both directions	Construction Type	Double Insulated
✔ Precision roller blade guide for accurate cuts	Keyless Blade Clamp	Yes
✔ Counter balanced for reduced vibration	Orbital Action	Yes-4 Position
✔ Tachometer feedback for constant cutting speed	Stroke Length	1"
✔ Cushion grip for superior gripping and control	Blade	T-Shank
	SPM	0-3,000
	Tool Free Bevel	Yes
	Maximum Bevel Capacity	45 degrees
