

## HEPA Vacuums

### S10 plus HEPA Canister Vacuum

The compact design, powerful vacuum performance and low noise level make the S 10 a very user friendly machine, ideal for noise sensitive areas. This power unit is equipped with 5 casters for stability and maneuverability. A full range of attachments allows for seamless cleaning of all surfaces. The S10 Plus HEPA is an excellent performance choice for cleaning and maintenance of allergy free and hospital clean facility environments. Features include ergonomic multifunction handle, HEPA filter cartridge, special seals, and dust bag.

**Features:**

- **Ergonomic Handle**  
with built in cord wrap.
- **5 Casters**  
for excellent stability and maneuverability.
- **HEPA filtration**  
For hospital and allergy free environmental filtration cleaning.
- **User friendly**  
easy operation
- **Designed to neatly fit on a housekeeping cart.**
