

FOOD SERVICE

ITEM #
269

9900269_20160310

Put the power of the latest advancements in bio-active technology to work. There are no harsh chemicals or pollutants. It is composed of billions of aggressive bacteria, fortified with a unique free enzyme system, which liquefies waste and keeps drains free-flowing. The special blend of beneficial bacteria and enzymes effectively combats clogs caused by soap, hair, food, grease, and other common wastes. It is safe and easy to use and is not harmful to the environment, plumbing, or septic systems. It is ideal for use in restaurants and food service operations.

Features	Related Benefits
Digests all organic matter	- Institutional strength drain maintainer
Non-corrosive liquid	- Safe for plumbing and septic systems
Very stable	- Long shelf life
Eliminates odors	- Ideal for use in garbage disposals
