

Safety Data Sheet according to the Hazardous Products Regulation (February 11, 2015) Date of issue: 03/29/2017 Revision date: 01/31/2018 Version: 1.0

SECTION 1: Identification	
1.1. Product identifier	
Product form	: Mixtures
Product name	: Sakrete Sand Mix
1.2. Recommended use and re	estrictions on use
Recommended use	: Various
1.3. Supplier	
Manufacturer Sakrete Of North America 625 Griffith Rd., Ste 100 Charlotte, NC 28217- USA T 866-725-7383	<b>Distributor</b> Add the name, address and tel. number of the Canadian manufacturer or importer who operates in Canada
1.4. Emergency telephone nur	nber
Emergency number	<ul> <li>For Hazardous Materials [or Dangerous Goods] Incident Spill, Leak, Fire, Exposure, or Accident Call CHEMTREC Day or Night 1-800-424-9300 [USA] / +1 703-527-3887 [CAN]</li> </ul>
<b>SECTION 2: Hazard identific</b>	ation
2.1. Classification of the subs	ance or mixture
Classification (GHS-CA)Skin Irrit. 2H315Eye Dam. 1H318Carc. 1AH350STOT RE 1H372	
2.2. GHS Label elements, inclu	uding precautionary statements
GHS-CA labelling Hazard pictograms (GHS-CA)	CHS05 CHS08
Signal word (GHS-CA)	: Danger
Hazard statements (GHS-CA)	<ul> <li>H315 - Causes skin irritation</li> <li>H318 - Causes serious eye damage</li> <li>H350 - May cause cancer</li> <li>H372 - Causes damage to organs through prolonged or repeated exposure</li> </ul>
Precautionary statements (GHS-CA)	<ul> <li>P201 - Obtain special instructions before use</li> <li>P202 - Do not handle until all safety precautions have been read and understood.</li> <li>P260 - Do not breathe dust</li> <li>P264 - Wash hands, forearms and face thoroughly after handling</li> <li>P270 - Do not eat, drink or smoke when using this product</li> <li>P280 - Wear eye protection, face protection, protective clothing, protective gloves</li> <li>P308+P313 - IF exposed or concerned: Get medical advice/attention</li> <li>P302+P352 - IF ON SKIN: Wash with plenty of water</li> <li>P362+P364 - Take off contaminated clothing and wash it before reuse</li> <li>P332+P313 - If skin irritation occurs: Get medical advice/attention</li> <li>P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing</li> <li>P310 - Immediately call a POISON CENTER or doctor</li> <li>P405 - Store locked up</li> <li>P501 - Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation</li> </ul>
2.3. Other hazards	
Other hazards not contributing to the classification	: Not applicable.
2.4. Unknown acute toxicity (0	HS-CA)
Not applicable	

## Not applicable

01/31/2018

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

**SECTION 3: Composition/information on ingredients** 

### 3.1. Substances

### Not applicable

3.2. Mixtures		
Name	Product identifier	%
Quartz	(CAS-No.) 14808-60-7	76.10
Cement, portland, chemicals	(CAS-No.) 65997-15-1	18.91
Limestone	(CAS-No.) 1317-65-3	1.00
Calcium oxide	(CAS-No.) 1305-78-8	1.00

SECTION 4: First-aid measures	
4.1. Description of first aid measures	
First-aid measures after inhalation	: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.
First-aid measures after skin contact	: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.
First-aid measures after eye contact	: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lenses, if worn. Get medical attention immediately.
First-aid measures after ingestion	: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Immediately call a POISON CENTER or doctor/physician.
4.2. Most important symptoms and effect	cts (acute and delayed)
Symptoms/effects after inhalation	: May cause respiratory irritation.
Symptoms/effects after skin contact	: Causes skin irritation. May cause burns in the presence of moisture. Skin contact during hydration may slowly develop sufficient heat that may cause severe burns possibly resulting in permanent injury. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin. Handling can cause dry skin. May cause sensitisation by skin contact.
Symptoms/effects after eye contact	<ul> <li>Causes serious eye damage. May cause burns in the presence of moisture. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.</li> </ul>
Symptoms/effects after ingestion	: Harmful if swallowed. May cause stomach distress, nausea or vomiting.
4.3. Immediate medical attention and sp	ecial treatment, if necessary
Other medical advice or treatment	: Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

SECTI	ON 5: Fire-fighting measures	
5.1.	Suitable extinguishing media	
Suitable	extinguishing media	: Treat for surrounding material.
5.2.	Unsuitable extinguishing media	
Unsuitab	le extinguishing media	: Not available.
5.3.	Specific hazards arising from the haz	zardous product
Fire haza	ard	: Products of combustion may include, and are not limited to: oxides of carbon.
5.4.	Special protective equipment and pr	ecautions for fire-fighters
Firefighti	ng instructions	: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).
SECTI	ON 6: Accidental release meas	sures
<b>SECTI</b> 6.1.	ON 6: Accidental release meas Personal precautions, protective equ	
6.1.		
6.1.	Personal precautions, protective equ	<ul> <li>ipment and emergency procedures</li> <li>Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Minimize generation of dust.</li> </ul>
6.1. General	Personal precautions, protective equimeasures Methods and materials for containme	<ul> <li>ipment and emergency procedures</li> <li>Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Minimize generation of dust.</li> </ul>
<ul><li>6.1.</li><li>General</li><li>6.2.</li><li>For containing</li></ul>	Personal precautions, protective equimeasures Methods and materials for containme	<ul> <li>Jipment and emergency procedures</li> <li>Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Minimize generation of dust.</li> <li>ent and cleaning up</li> <li>Contain spill, then place in a suitable container. Do not flush to sewer or allow to enter</li> </ul>
<ul><li>6.1.</li><li>General</li><li>6.2.</li><li>For containing</li></ul>	Personal precautions, protective equimeasures Methods and materials for containment	uipment and emergency procedures         : Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Minimize generation of dust.         ent and cleaning up         : Contain spill, then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

SECTIO	N 7: Handling and storage	
7.1. F	Precautions for safe handling	
Precaution	s for safe handling	: Do not swallow. Avoid contact with skin and eyes. Good housekeeping is important to prevent accumulation of dust. Avoid generating and breathing dust. The use of compressed air for cleaning clothing, equipment, etc, is not recommended. Handle and open container with care. When using do not eat, drink or smoke.
Hygiene m	easures	: Launder contaminated clothing before reuse. Wash hands before eating, drinking, or smoking.
7.2. 0	Conditions for safe storage, includin	g any incompatibilities
Storage co	nditions	: Keep out of the reach of children. Store in dust-tight, dry, labelled containers. Keep container tightly closed when not in use. Avoid any dust buildup by frequent cleaning and suitable construction of the storage area. Do not store in an area equipped with emergency water

sprinklers.

### **SECTION 8: Exposure controls/personal protection**

8.1. Control parameters		
Quartz (14808-60-7)		
USA - ACGIH	ACGIH TWA (mg/m³)	0.025 mg/m <sup>3</sup> (respirable particulate matter)
Cement, portland, chemicals	s (65997-15-1)	
USA - ACGIH	ACGIH TWA (mg/m³)	1 mg/m <sup>3</sup> (particulate matter containing no asbestos and <1% crystalline silica, respirable particulate matter)
Calcium oxide (1305-78-8)		
USA - ACGIH	ACGIH TWA (mg/m³)	2 mg/m <sup>3</sup>
8.2. Appropriate enginee	ring controls	
Appropriate engineering controls	s : Use ventilation adequate to keep exp recommended exposure limits.	posures (airborne levels of dust, fume, vapor, etc.) below
Environmental exposure control	s : Maintain levels below Community en	vironmental protection thresholds.

8.3. Individual protection measures/Personal protective equipment

#### Hand protection:

Wear suitable waterproof gloves

#### Eye protection:

Wear approved eye protection (properly fitted dust- or splash-proof chemical safety goggles) and face protection (face shield).

### Skin and body protection:

Wear suitable waterproof protective clothing

#### **Respiratory protection:**

A NIOSH approved dust mask or filtering facepiece is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirators should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134) and ANSI's standard for respiratory protection (Z88.2).

#### Other information:

Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

<b>SECTION 9: Physical and chemica</b>	al properties	
9.1. Information on basic physical and	d chemical properties	
Physical state	: Solid	
Appearance	: Powder	
Colour	: Various	
Odour	: Characteristic	
Odour threshold	: No data available	
рН	: 12 - 13	
Relative evaporation rate (butylacetate=1)	: No data available	
Relative evaporation rate (ether=1)	: No data available	
Melting point	: No data available	
Freezing point	: No data available	
04/04/0040		0/5

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Boiling point	: No data available
Flash point	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: Not flammable
Vapour pressure	: No data available
Vapour pressure at 50 °C	: No data available
Relative density	: No data available
Solubility	: No data available
Partition coefficient n-octanol/water	: No data available
Viscosity, kinematic	: No data available
Explosive limits	: No data available
9.2. Other information	

### VOC content

: 0%, Not applicable

SECTION 10: Stability and reactivity	y l
10.1. Reactivity	
Reactivity	: No dangerous reaction known under conditions of normal use.
Chemical stability	: Stable under normal storage conditions. Keep dry in storage.
Possibility of hazardous reactions	: No dangerous reaction known under conditions of normal use.
Conditions to avoid	: Incompatible materials. Moisture.
Incompatible materials	: Wet cement is alkaline and incompatible with acid, ammonium salts and aluminum metal.
Hazardous decomposition products	: May include, and are not limited to: oxides of carbon.

## **SECTION 11: Toxicological information**

11.1. Information on toxicological effect	S
Acute toxicity (oral)	: Not classified.
Acute toxicity (dermal)	: Not classified.
Acute toxicity (inhalation)	: Not classified.
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye damage.
Respiratory or skin sensitization	: Not classified.
Germ cell mutagenicity	: Not classified.
Carcinogenicity	: May cause cancer.
Reproductive toxicity	: Not classified.
STOT-single exposure	: Not classified.
STOT-repeated exposure	: Causes damage to lungs through prolonged or repeated exposure. Respirable crystalline silica in the form of quartz or cristobalite from occupational sources is listed by the International Agency for Research on Cancer (IARC) and National Toxicology Program (NTP) as a lung carcinogen. Prolonged exposure to respirable crystalline silica has been known to cause silicosis, a lung disease, which may be disabling. While there may be a factor of individual susceptibility to a given exposure to respirable silica dust, the risk of contracting silicosis and the severity of the disease is clearly related to the amount of dust exposure and the length of time (usually years) of exposure.
Aspiration hazard	: Not classified.
Potential adverse human health effects and symptoms	: No data available.
Other information	: Likely routes of exposure: ingestion, inhalation, skin and eye.
Symptoms/effects after inhalation	: May cause respiratory irritation.
Symptoms/effects after skin contact	: Causes skin irritation. May cause burns in the presence of moisture. Skin contact during hydration may slowly develop sufficient heat that may cause severe burns possibly resulting in permanent injury. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin. Handling can cause dry skin. May cause sensitisation by skin contact.
Symptoms/effects after eye contact	: Causes serious eye damage. May cause burns in the presence of moisture. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

Symptoms/effects after ingestion

: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

2.1. Toxicity	
cology - general	: No ecological consideration when used according to directions. Normal dilution of this product to drains, sewers, septic systems and treatment plants is not considered environmentally harmful.
Calcium oxide (1305-78-8)	
LC50 fish 1	1070 mg/l (Exposure time: 96 h - Species: Cyprinus carpio [static])
2.2. Persistence and degradability	
Sakrete Sand Mix	
Persistence and degradability	No data available.
2.3. Bioaccumulative potential	
Sakrete Sand Mix	
Bioaccumulative potential	No data available.
Calcium oxide (1305-78-8)	
BCF fish 1	(no bioaccumulation)
2.4. Mobility in soil	
Sakrete Sand Mix	
Ecology - soil	No data available.
2.5. Other adverse effects	
Other adverse effects	: No data available.
<b>ECTION 13: Disposal consideration</b>	s
3.1. Disposal methods	<u> </u>
roduct/Packaging disposal recommendations	: This material must be disposed of in accordance with all local, state, provincial, and federal regulations.
<b>ECTION 14: Transport information</b>	
4.1. Basic shipping description	
n accordance with TDG	
ransportation of Dangerous Goods	
lot regulated for transport	
4.2. Transport information/DOT	
lo additional information available	
4.3. Air and sea transport	
4.3.         Air and sea transport           Io additional information available	
<b>4.3.</b> Air and sea transport lo additional information available	
4.3.         Air and sea transport           lo additional information available           SECTION 15: Regulatory information	
<ul> <li>4.3. Air and sea transport</li> <li>lo additional information available</li> <li>ECTION 15: Regulatory information</li> <li>5.1.
