

PRODUCT SPECIFICATION REPORT

A blend of citrus and other biodegradable solvents for use as an industrial strength degreaser in a convenient aerosol form.

BIG ORANGE-E™ Industrial Degreaser

PROD.#0185

FEATURES/BENEFITS:

Environmentally Preferred	Does not contain any ozone-harming CFC's and all ingredients are completely biodegradable
Less Hazardous	Contains biodegradable solvents that are less hazardous than chlorinated solvents
Excellent Degreaser	Cuts grease, grime and oil as well as most chlorinated solvent based products
Pleasant Fragrance	Emits a pleasant citrus fragrance.
Aerosol	Packaged in an aerosol form so no additional equipment is required for use

APPLICATIONS:

Big Orange-E is formulated to degrease molds, dies, metal parts, industrial machinery and heavy equipment. Good spot cleaner for scuff and rubber tire marks on concrete floors. This product may damage some plastic and/or painted surfaces; test on an inconspicuous area before general use.
