## Harmony® Double Bowl Sink Featuring Quartech, Top Mount Models ELQTLB342210R Series

### GENERAL

Elkay Quartech sinks are molded from finely ground natural quartz and high performance acrylic resins into a finished product that exceeds customer expectations. The material offers antimicrobial product protection achieved through the use of silver dispersed throughout the matrix. Non-porous, easy to clean, and resistant to stains, the Quartech sinks are also durable and scratch resistant. The sinks are naturally sound deadened and heat resistant to 550° with the color consistent throughout the material. An extra wide Work Bench low divide feature separates the two sink compartments and offers an additional area for food preparation.

### DESIGN FEATURES
