

## InSinkErator® Evolution Disposal Trims Matte Celcon

JB Signature Matte finishes match most composite sink finishes, see JB composite sink finish cross reference chart. Molded from Celcon plastic, they are resistant to chipping, peeling and scratching like painted metal disposal flanges. Simply snap these patented trims into your existing disposal flange. Oil Rubbed Bronze is a matte finish so no M is needed in the part number. Packaged in clam shells and boxes.

Item #	Description Clammed
JBC119EM	White (Clam Shell)
JBC120EM	Black
JBC121EM	Biscuit
JBC122EM	Almond
JBC124EM	Sandstone
