

GREASE GUN ACCESSORIES

Lever-Action Coupler (6800)

Suitable for use in vehicle service applications, as well as agriculture, construction and general industry.

FEATURES:

- Sturdy, all-steel construction with spring-steel jaws
- Easy on/off action and superior sealing
- Coupler remains attached without holding it in place
- Less grease use and waste to reduce lubricant costs
- Durable, nylon protective sleeve prevents hose wear
- Suitable for pressures up to 10,000 psi (690 bar)

6800
