Basin area, top:	52-1/4" x 22-1/2" (1327 mm x 572 mm)
Water depth:	11" (279 mm)
Water capacity:	34 gal (128.7 L)
Maximum door height:	56-1/2" (1435 mm)
Maximum door width:	56-3/4" (1441 mm)

Notes

Install this product according to the installation instructions.

Product is designed to be used with a singlehandle mixer valve with an escutcheon cover not to exceed 7-3/4" (197 mm) in width.

Studs should be positioned roughly as shown. Double studding is recommended for pivot shower door installations.

Bath cannot be installed without the wall surround.

Attach grab bars at the specified backerboard locations only.

Width of back wall at the top transitions from 60" (1524 mm) at the front to 59-3/8" (1508 mm) in the back corners. Furring strips approximately ¼" (6 mm) thick should be used at the back corner studs if drywall is to be installed over the nailing flange.
