TECHNICAL SPECIFICATION

INTEGRAL TRAP DRAIN

TECHNICAL SPECIFICATION: Oatey Integral Trap Drains are designed with one piece trap drain and cleanout. Integral Trap Drain solvent welds over 2" Schedule 40 DWV pipe. An optional backwater device transforms the drain into a backwater valve that allows drainage but prevents sewage backup.

PHYSICAL/CHEMICAL PROPERTIES

- Drain Material ABS Plastic = Black
 PVC Plastic = White
- Grate Material Polypropylene (black or white)
- Grate Open Area 7.25 in.²
- Grate Load Light*

*Load is defined by ASME A112.21.1M.
Light Duty- Safe live load under 2000 lbs.

PRODUCT NUMBER	DESCRIPTION	PACK	CARTON WEIGHT
42723	2" ABS Floor Drain with P-Trap and Cleanout	2	4 lbs.
42724	2" PVC Floor Drain with P-Trap and Cleanout	2	4 lbs.
42725	Backwater Valve Device for Floor Drain with P-Trap and Cleanout	6	1 lb.
