

VENOM[®]

FACE PROTECTION

Take the bite out of harmful environments

Turn the tables on workplace hazards by standing fearless behind **Venom**[®] – a formidable safeguard designed to protect, but never tame.

Venom face protection allows workers to stare down workplace hazards with confidence. Plus, the **Venom** Headgear unit features a multi-component comfort system, which includes three separate fit adjustments, and a soft cushion on both the brow and back of the head.

When **Venom** Headgear is combined with fang-shaped

Venom Visors, your enclosure is strong enough to stand up to most any flying debris... and even the most wild of species...YOU.

Gateway
S A F E T Y

Three-part comfort adjustment system makes **VENOM**® the brand to choose for long-wearing – or even all-day – applications.

Fang-shaped **VENOM** visors are contoured to provide complete protection, from head to chin.

VENOM® Features

- Contemporary design is extremely popular.
- Lightweight construction facilitates all-day usage.
- Extra soft brow pad and nape strap delivers superior comfort.
- Three-part adjustment system provides a custom fit.
- Tension adjustment ensures that visor will stay in place when raised.
- Venom face protection products are independently, third-party certified by UL to meet ANSI Z87+ and CSA Z94.3 standards.
