

3 PIECE NUT SETTER SET - 1/4" HEX SHANK

Product #: **J61909HS**

- › Proto® TorquePlus™ design is a high performance drive configuration which allows for quick and easy engagement to the fastener flats, not the corners.
- › The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- › The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted fasteners.
- › Magnets feature enhanced holding power to help improve fastener retention, helping to increase productivity.

Contents	INCH	Overall Length (in)
J61620HS	1/4	2-9/16
J61622HS	5/16	1-9/16
J61624HS	3/8	1-9/16

Weight (lbs): 0.21

- › Radius-corner socket design
- › Engages flats for better grip
- › Improves the ability to turn worn or rounded fasteners

1/4" HEX MAGNETIC NUT SETTERS

- › Magnets feature enhanced holding power to help improve fastener retention, helping to increase productivity.
