

Jacketed Graphite Ball Pein Hammers

- Heat-treated, high-carbon steel head is strong and durable
- Rim temper reduces incidences of chipping or spalling
- Patented head-to-handle assembly provides a tight, lasting fit
- Molded jacket over graphite handle provides overstrike protection
- Cushioned grip and molded jacket work together to absorb shock
- Grip is contoured for comfort and is ribbed to ventilate hand and allow moisture to escape
- Flared end provides greater control and reduces slippage
- Exceeds ANSI safety specifications
