

CROSS TEST LEVELS

134 CROSS TEST LEVEL AND PLUMB

2 X 3"/50 X 75MM

This is an especially useful little level, invaluable for plumbing, approximate squaring and leveling work. Made from brass with nickel finish, all working surfaces are flat and true. The level has two vials at right angles for cross test leveling without moving the tool and a plumb level at the top. An accurate, well-made and reliable tool, it is also very light and compact and can be easily carried in the pocket.

134 Cross Test Level

Cat. No.	EDP	Size in	mm	Description
134	50569	2 x 3	50 x 75	With cross test vials and plumb vial

136 CROSS TEST LEVEL

2-3/4 X 2-3/4"/70 X 70MM

Similar to our 134 level, the 136 has two vials at right angles which permit leveling in both directions without moving the level from the work. The level is light and compact, with an attractive black wrinkle finish and a ground reference surface. Made from cast iron.

136 Cross Test Level

Cat. No.	EDP	Size in	mm	Description
136	50572	2-3/4 x 2-3/4	70 x 70	With cross test vials
